

KISHOR SHELAR

Full-Stack Developer | React.js | Node.js | Next.js | PostgreSQL

Katraj, Pune | +91 8308516345 | kishorshelar560@gmail.com | linkedin.com/in/kishorshelar1610 | github.com/kishorshelar07

PROFESSIONAL SUMMARY

Results-driven Full-Stack Developer with 1+ year of hands-on experience building scalable web applications using React.js, Node.js, PHP, and MySQL. Proven ability to design responsive UI components, develop RESTful APIs, and deliver end-to-end digital solutions. Passionate about clean code, performance optimization, and modern JavaScript frameworks. Actively expanding expertise in Next.js, PostgreSQL, TypeScript, and Cloud technologies to build production-grade applications.

TECHNICAL SKILLS

Frontend	React.js, Next.js, HTML5, CSS3, JavaScript (ES6+), TypeScript (learning), Bootstrap, jQuery, Angular
Backend	Node.js, Express.js, PHP, REST API Development, JWT Authentication, Middleware
Database	MySQL, MongoDB, PostgreSQL (learning), Database Design, CRUD Operations, Query Optimization
Tools	Git, GitHub, VS Code, Postman, npm, Figma (basic), Docker (basic)
Currently Learning	Next.js 14, TypeScript, PostgreSQL, AWS, Docker, System Design
Languages	Marathi (Native), Hindi (Fluent), English (Professional)

PROFESSIONAL EXPERIENCE

Full-Stack Development Intern | C Infotech — Katraj, Pune

Jan 2024 – Dec 2024

- Developed and delivered 5+ full-stack web applications using React.js, Node.js, PHP, and MySQL — reducing manual workflows by 40% for internal teams
- Designed 20+ reusable, responsive UI components using HTML5, CSS3, Bootstrap, and jQuery — ensuring cross-browser compatibility and mobile-first design
- Built and integrated 10+ RESTful APIs for seamless frontend-backend communication, improving data fetch performance by 25%
- Architected and deployed a Calendar Generator application with image uploads, event management, and UI customization — adopted by 50+ users internally
- Collaborated with a 4-member development team using Git/GitHub for version control, code reviews, and agile sprint delivery with zero critical production bugs
- Participated in full software development lifecycle: requirements gathering, development, testing, deployment, and client feedback iterations

Full-Stack Development Trainee | C Infotech — Katraj, Pune

Jul 2023 – Dec 2023

- Completed intensive 6-month training in React.js, Node.js, Angular, PHP, MySQL, and REST API development
- Built 10+ projects from scratch, including a Netflix Clone, E-commerce site, CRUD applications, and interactive games
- Gained practical experience in responsive design principles, database management, and API integration

KEY PROJECTS

Netflix Clone | Full-Stack Web App

React.js | Node.js | MongoDB | REST API

- Built a full-featured Netflix-inspired platform with user authentication (JWT), dynamic content browsing, and responsive UI across all devices
- Implemented secure login/signup, protected routes, MongoDB database schema, and RESTful API architecture

Calendar Generator | [Web Application](#)

JavaScript | Node.js | MySQL | Multer

- Delivered a production-ready calendar app with image uploads (Multer), event CRUD, personalized themes, and reminder system — used by 50+ real users

CRUD Application | [Full-Stack Project](#)

React.js | Node.js | Express | MySQL

- Built complete database-driven app demonstrating full-stack architecture — React frontend, Express REST APIs, MySQL database with optimized queries

Portfolio Website | [Frontend Project](#)

HTML | CSS | JavaScript

- Designed and developed personal portfolio showcasing projects, skills, and contact — optimized for recruiters and ATS scanning

EDUCATION & CERTIFICATIONS

Bachelor of Commerce (B.Com) | [Savitribai Phule Pune University](#)

2019 – 2022

- Built strong analytical, business, and communication skills applicable to client management and project planning

Full-Stack Development Certification | [C Infotech, Pune](#)

Jul 2023 – Dec 2023

- 600+ hours of practical training in modern web technologies — React.js, Node.js, PHP, MySQL, and REST APIs

KEY ACHIEVEMENTS

- Delivered Calendar Generator project on time with zero revision requests — adopted by 50+ internal users
- Completed full-time 12-month internship with consistent performance across 5+ production projects
- Built 10+ projects during training phase — strongest project track record in batch
- Self-learning Next.js, PostgreSQL, and TypeScript alongside work — committed to continuous growth

SERVICES I OFFER

- Business websites, landing pages, and portfolios — Next.js + Tailwind CSS
- Web applications with authentication, dashboards, admin panels
- RESTful API development and third-party API integrations
- E-commerce solutions with Razorpay / Stripe payment integration
- Database design, optimization, and migration (MySQL / PostgreSQL)
- React Native mobile app development (Android + iOS)
